## OGDEN

OGDEN CITY, — — — March 19, 1887

This department of THE HERALD is devoted to the interests of the people of Ogden. The Branch Office of THE HERALD is with Eldridge, Pratt & Co., Main Street, Ogden, Utah, where subscriptions and advertisements will be received on the same terms as at the Salt Lake Office.

Communications addressed to THE SALT LAKE HERALD, Ogden, will receive prompt attention.

THE HERALD is delivered by carriers in Ogden every morning, except Monday. Subscribers failing to receive their papers will please notify the Ogden office.

S. H. HOBSON Agent.

## City Council.

Council met at 4 p.m., yesterday, and after the usual routine opening exercises the following petitions were presented:

From David F. Walker, president of the Ogden Electric Light Company, asking that a day be appointed to meet and renew the contract for lighting the city. Referred.

From R. H. Tracy and numerous others representing that the road leading west from the store of S. S. Higginbotham, is in a most deplorable condition, and asking that steps be taken to improve the street. Referred to the committee on streets.

From John A. Stephens, Jess J. Driver and Nathan Kimball, asking that the water mains be extended so that they could have the water put in their residences, on Pearl, between First and Second Streets. A similar petition came from W. Sidney Stone and Mrs. Kingsford, on James Street, between Fourth and Fifth.

From W. W. Schilling, asking that the city extend the water mains, to enable him to use the city water, as disease is near his place, and he is informed by the quarantine physician that the use of well water is conducive to sickness. Mr. Schilling earnestly requested immediate action in regard to the matter. Referred to the committee on water supply.

Alderman Wright from the committee on laws asked further time in which to report on the matter of the appointment of city attorney.

Alderman Des spoke of the matter of building bonfires after night and thought some means should be taken to stop it.

Councilor Boyle asked further time in which to report on the appointment of watermaster.

Alderman Reeve reported work done on the streets during the week. The one mentioned in last report has been completed and the tramway will soon be laid there. The track has been extended to the lower end of Fifth Street. Some work has been done on Eighth Street and in other parts of the city. He handed a communication from the old supervisor of streets to the recorder.

Councilor Clark recommended the appointment of S. T. Whitaker, as inspector of public buildings. Alderman Wright placed Mr. Whitaker in nomination and he was unanimously appointed to the position.

Mr. Smaun reported that several trees in Lester Park need replacing and the grass reseeding in some places. Some parts of the fence are in bad condition. He also reported that the committee had employed George W. Turner to care for Lester Park and Pavilion.

Councilor Brown reported that the Marshal had notified a number of people to clean up; also that there were only two flags up now.

On the recommendation of Alderman Reeve \$25 was appropriated for the relief of the Leavitt family.

Mr. Clark, chief of the fire department, reported that the department is in a very efficient condition.

Mr. Pingree, street supervisor, reported that he had served the city for four years, and had expended for the city \$23,000. Mr. Pingree thanked the Council for the confidence reposed in him, and wished his successor prosperity.

Alderman Reeve brought up the question of dogs, and the matter was referred to the committee on laws.

## It Is Suggested

That there is a growing discontent in the ranks of the Liberals.

That the Leaguers need not worry so much over the title paying of the Mormons.

That there is no reason why products made at home are not as good as those imported.

That Phil. Ford got precisely what he said he expected he would get for his work before the last election.

That brother Farrell take the initiative in bringing the matter of compelling Ogden officials to take the Edmund-Tucker oath.

That with her unsurpassed water-power and railroad facilities there is no reason why Ogden should not soon become one of the leading manufacturing towns of the west.

That there is liable to be a picnic when the two B's come to Ogden to pour out consolation upon the wounded hearts of the noble three hundred Leaguers, and that all is not harmony in their ranks.

That a good question for the next Loyal League debate would be: "Resolved, that Senator Edmunds is the sincere friend and honest supporter of League methods for the regeneration of Utah."

## For Fast Driving.

Yesterday Charles Deucheneau had one of his fast horses out on the street and was testing the speed of the flyer. He persisted in driving very furiously along Main Street, when he was stopped and run in for the infraction of the ordinance. Judge Deek asked Deucheneau to put up \$6 for the sport. The fine was paid, with only a demurrer on the ground that he should have been notified to stop. This should be a lesson to others, and put a stop to the dangerous practice of fast driving.

## Scaring the Heathens.

Yesterday there were a number of Chinamen in Brownings' gun store, examining some guns with a view to making a purchase, when Mr. Sam Browning accidentally discharged a gun near the ears of a couple of the heathens. The ball went crashing through the window, a partition and wall, while the burning powder blazed up and the report deafened them, and the pig-tailed disciples of Confucius yelled and almost fell over. They did not buy at that time.

## Personal and General.

Browning Bros. returned from San Francisco yesterday.

There was no business in the Police Court yesterday.

The dark clouds hovering over the city yesterday afternoon were strongly suggestive of more rain.

Still the question of how to arrange the Fourth Street problem agitates the public mind. This is one of the most mighty questions of the day.

The sprinkler was turned loose for a while yesterday morning and laid the dust in good shape, besides making the air decidedly pleasant and agreeable.

It is very plain that if Ogden's population continues to increase, more houses must be built to accommodate tenants. There is not a day but from one to five persons are turned away by real estate agents without having their wants in the line of houses supplied.

Brick and woodwork on the Kay-Grix building is being pushed rapidly ahead. Work on the Smith & Thomas place is nearing the point where the rock work will begin. The Eccles building and Z. C. M. I. archway are being pushed to completion and several residences are being built. On the whole it is likely that Ogden's building boom of this year will far exceed that of the past.

## MISCELLANEOUS.

**MOST PERFECT MADE**

Prepared with strict regard to Purity, Strength and Healthfulness. Dr. Price's Baking Powder contains no Ammonia, Lime, Alum or Phosphates. Dr. Price's Extracts, Vanilla, Lemon, etc., flavor deliciously.

PRICE BAKING POWDER CO., Chicago and St. Louis.

## Cattlemen.

There will be a meeting of the Utah Cattle and Horse Growers' Association at the secretary's office, 110 Main Street, on Monday, April 4th, at 10 a.m., for the purpose of discussing the best means of securing a more thorough organization of the stock interests of the Territory. All interested are invited.

## Fox &amp; Symons

Have reduced the price of photographs. All work done by the dry-plate instantaneous process. Reduction permanent.

## Renews Her Youth.

Mrs. Phoebe Chesley, Peterson, Clay Co., Iowa, tells the following remarkable story, the truth of which is vouched for by the residents of the town: "I am now 73 years old; have been troubled with kidney complaint and lameness for many years; could not dress myself without help. Now I am free from all pain and soreness, and am able to do all my own housework. I owe my thanks to Electric Bitters for having renewed my youth, and removed completely all disease and pain. Try a bottle, only 50c, at A. C. M. I. Drug Store."

## GENEVA NURSERY,

GENEVA NEW YORK.

5,000 ACRES IN CULTIVATION OF Fruit and Ornamental Trees, Roses,

Shrubs, Etc.,

W. & T. SMITH, PROPRIETORS.

We claim great advantages for the soil of Geneva and vicinity, in the production of Healthy, Long-Lived Trees. This is a matter of great importance to every planter. Not a year passes that we do not receive additional testimony of the fact that trees grown upon our heavy, strong, rich, well-drained soil are healthier, longer lived, less liable to injury from extreme cold, and more productive than when taken from a light soil. Another very important fact is that being furnished with a more abundant supply of healthy, well-ripened and fibrous roots, they bear transplanting to a different soil and climate much better.

All persons authorized to act as Agents for us, are provided with a written certificate to that effect, and we request that they be required to show their certificates. Stock is not unfrequently sold by persons without authority, and not furnished from the places they pretend to represent; by which means many poor trees and plants are distributed, causing great dissatisfaction and disappointment. BUY GOOD STOCK OF RELIABLE MEN, and this may be avoided.
